

## KLAS Report Recognizes Lightbeam for Population Health Management Platform

**IRVING, TX – February 27, 2018** – Lightbeam Health Solutions, a Population Health Management (PHM) vendor, scored an overall 86.7\*, 6 points above the average, on the latest [KLAS PHM 2017 report](#). Lightbeam was rated in the top right quadrant of four KLAS verticals: Data Aggregation, Data Analysis, Care Management, and Admin/Financial Reporting. Lightbeam additionally scored\* above average for functionality & upgrades and service & support. The full report, “Population Health Management 2017, Part 2: Balancing Collaboration and Functionality,” is available at [KLASresearch.com](#).

In the performance analysis, KLAS mentioned that Lightbeam clients, “report high satisfaction, primarily due to Lightbeam’s constant product development and proactive, highly responsive support,” and Lightbeam’s, “willingness to collaborate and deliver quick developments is also a significant contributor to the high satisfaction of Lightbeam’s most deeply deployed customers.”

Lightbeam’s experience processing over 1 billion claims and over 3.3 billion clinical data elements for over 17 million patients, helped them stand out across the key framework verticals as defined by KLAS.

Pat Cline, CEO of Lightbeam Health Solutions said, “While recognition from KLAS is a huge honor, the real motivator is the impact on patient lives and the important role Lightbeam plays in supporting physicians as they seek to improve quality and reduce costs.”
